

Stephen Power

Associate Director of Operations, Drug and Biological Products

SPECIALTY

- Client services
- Program support and facilitation

EXPERIENCE

- Two years assisting loan processes and programs for SBA lender
-

In his role as Associate Director of Operations for the Drug and Biological Products team, Stephen Power is responsible for the advancement of team projects to ensure they are completed efficiently and meet client expectations. He also manages team calendars to schedule client meetings and conference calls.

Stephen came to Greenleaf Health with a background in customer service and Small Business Administration (SBA) loan procedures. Previously, Stephen worked for Strategic Media Services, a digital and broadcast ad agency, and interned on Capitol Hill. He also worked for two years supporting Cache Valley Bank's (Logan, Utah) Small Business Administration team. In this role, Stephen assisted the loan review and approval process for standard SBA loans and the Paycheck Protection Program.

Stephen graduated from Utah State University with a B.A. in political science.
